

LETTER TO THE EDITOR

Response to comment on Lubna Kanwal Dar et al (J Pak Med Assoc 2018; 68:1776-81)

Traumatic experiences and dissociation in patients with conversion disorder

Lubna Kanwal Dar¹, Shazia Hasan²

Madam/Sir,

We are highly thankful for your valuable comments on our research "Traumatic Experiences and Dissociation in Patients with Conversion Disorder" published in 2018.

The resources you mentioned in the comments are useful and we could not cite those resources because we got acceptance letter in July, 2018 and the research you mentioned was published in September 2018. We'll use those resources in our future studies if we planned an extension of the current study or we do research on related topics.
